

# SUBJECT INDEX TO VOLUME 29 (1990)

## Experimental oncology

- Interactions between antibiotics and antineoplastic drugs on antibacterial activity in vitro ..... 43
- DNA cytometric and histologic findings in mouse tumors (BP and S 180) with different response to treatment with tumor necrosis factor ..... 47
- Metastasis and angiogenesis ..... 97
- Oncogenes and tumor growth factors in breast cancer—A minireview ..... 331
- The theoretical implications and experimental and clinical results of radiolabeled antiferritin ..... 689
- Melatonin and immunity ..... 775
- Influence of bestatin on production of granulocyte-macrophage colony-stimulating factor from human peripheral blood mononuclear cells in vitro ..... 795
- Inhibitory effect of bestatin on the growth of human leukemic cells ..... 799
- Chlorpromazine-induced hypothermia in tumour-bearing mice—Acute cytotoxic drug lethality and long-term survival ..... 941
- Subcutaneous injection of monoclonal antibody 96.5—Biokinetics in the nude rat heterotransplanted with malignant melanoma ..... 1047

## Experimental radiobiology

- Radiostrotrium-induced oncogenesis and the role of immunosuppression—II. Influence of <sup>90</sup>Sr dose, adult thymectomy and antilymphocyteglobulin treatment on the development of lympho-recticular and extraskelatal, neoplastic lesions in CBA mice ..... 53
- Mean inactivation dose ( $\bar{D}$ )—A critical analysis of a neglected parameter in radiotherapy ..... 65
- The effect of radiation and cytotoxic platinum compounds on the growth of normal and tumour bladder explant cultures ..... 179
- Intestinal complications following accelerated fractionated x-irradiation—An experimental study in the rat ..... 229
- Late radiation injury of the small intestine—Clinical, pathophysiological and radiobiologic aspects—A review ..... 401
- Combined effect of radiation and YM-881 (SMANCS) on murine tumors and bone marrow ..... 455
- Immune competence in <sup>90</sup>Sr-exposed, adult thymectomized and antilymphocyteglobulin-treated CBA mice—II. Reticuloendothelial phagocytic function and in vitro mitogen responsiveness of spleen cells ..... 615

- Enhancement of radiation sensitivity in iododeoxyuridine labelled cells exposed to low energy x-rays ..... 623
- Microscopic and flow cytometric study of micronuclei in iododeoxyuridine labelled cells irradiated with soft x-rays ..... 761
- The in vivo response of a C3H mammary carcinoma to treatment with misonidazole, cyclophosphamide and radiation ..... 769
- The relationship between changes in tumour volume, tumour cell density and parenchymal cord radius in a human melanoma xenograft exposed to single dose irradiation ..... 935
- On radiation damage to normal tissues and its treatment—I. Growth factors ..... 1017
- Determination of a suitable dosage of lysine-vasopressin and triglycyl-lysine-vasopressin, given in a gel-solution locally in the rectum of rats for possible radioprotective purposes ..... 1041
- Radiation response of *E. coli* after combined treatment with misonidazole and WR-2721 at various oxygen concentrations ..... 1055

## Epidemiology and etiology

- Incidence of sporadic and familial medullary thyroid carcinoma in Sweden 1959 through 1981—A nationwide study in 126 patients ..... 9
- Diet and cancer—A review ..... 87
- Validity of breast cancer registration from one hospital into the Swedish National Cancer Registry 1961–1970 ..... 125
- Body size and cancer of the testis ..... 287
- Extranodal head and neck non-Hodgkin's lymphomas in children in Finland ..... 529
- Tumors after radiotherapy for skin hemangioma in childhood—A case—control study ..... 557
- Malignant disease after radiation treatment of benign gynaecological disorders—A study of a cohort of metropathia patients ..... 563
- Risk of cervical cancer among wives of men with carcinoma of the penis ..... 569
- The excess mortality rate—A useful concept in cancer epidemiology ..... 573
- Second cancer following chemotherapy and radiotherapy—An epidemiological perspective ..... 647
- Cancer chemoprevention—A review of ongoing clinical studies ..... 657
- The association between risk of breast cancer and age at first pregnancy and parity in Maribo county, Denmark ..... 705

Malignant melanoma in Denmark—Occurrence and risk factors.....	833
Colorectal cancer in Sweden—A descriptive epidemiologic study.....	855
Thyroid carcinoma—A report of 206 cases from an area with endemic goitre.....	863
Second primary tumors following thyroid cancer—A Swedish record-linkage study.....	869
Epidemiologic studies of geographic variations of cancer incidence in Sweden—Choice of variables and statistical units.....	961
Over- and underestimation of the sensitivity of a diagnostic malignancy test due to various selections of the study population.....	971
Oesophageal carcinoma following internal mammary chain irradiation for carcinoma of the breast—A report of six cases.....	1059

### Pathology

The prognostic significance of growth pattern and its relation to tumor cell nuclear DNA content in endometrial carcinoma.....	17
Choroid plexus carcinoma—Report of a case with metastases within the central nervous system....	241
Natural history of breast cancer.....	325
Radiation-induced morphological changes and radiocurability in squamous cell carcinoma of the head and neck region—A preliminary report....	517
Carcinoma of the nasopharynx—The significance of lymphocytic infiltration.....	897
Metastasizing Sertoli cell tumours of the human testis—A report of two cases and a review of the literature.....	946

### Clinical oncology

#### *Diagnostics. Symptomatology*

Multiple myeloma—An update on diagnosis and management.....	1
Significance of laboratory values in detection and follow-up of metastatic breast cancer.....	313
Immunoscintigraphy in laryngeal and pharyngeal carcinomas using Indium-111 labelled monoclonal antibody.....	533
Imaging of tumours in the parotid region with Indium-111 labelled monoclonal antibody reacting with carcinoembryonic antigen.....	539
Long-term survival after malignant glioma—A clinical and histopathological study of the accuracy of the diagnosis in a population-based cancer register.....	875
Metastasizing Sertoli cell tumours of the human testis—A report of two cases and a review of the literature.....	946

Over- and underestimation of the sensitivity of a diagnostic malignancy test due to various selections of the study population.....	971
---	-----

#### *Prognostic factors. Tumour markers*

Multiple myeloma—An update on diagnosis and management.....	1
The prognostic significance of growth pattern and its relation to tumor cell nuclear DNA content in endometrial carcinoma.....	17
Prognosis of endometrial carcinoma stage I in two Swedish regions—A study with special regard to the effects of intracavitary irradiation with high dose-rate afterloading technique or with low dose-rate radium.....	29
Estrogen and progesterone receptor analyses in more than 4 000 human breast cancer samples—A study with special reference to age at diagnosis and stability of analyses.....	129
Single cell DNA cytophotometry in clinical stage I malignant melanoma—Relationship to prognosis.....	147
Blood analyses as prognostic factors in primary lung cancer.....	151
Predictive value of serum alkaline DNase activity variations in treatment of head and neck cancer.....	163
Prognostic factors in uterine leiomyosarcoma—A clinical and histopathological study of 143 cases—The Radiumhemmet series 1936–1981... ..	185
Development of ploidy and cell proliferation in serial samples of ascites from patients with ovarian carcinoma.....	193
Prognostic importance of anemia related parameters in patients with carcinoma of the cervix uteri....	199
Oncogenes and tumor growth factors in breast cancer—A minireview.....	331
DNA flow cytometry in the prediction of survival and response to radiotherapy in head and neck cancer—A review.....	513
Radiation-induced morphological changes and radiocurability in squamous cell carcinoma of the head and neck region—A preliminary report....	517
Is it possible to predict the outcome of radiation therapy of head and neck cancer?.....	521
Hypercalcaemia in patients with disseminated breast cancer.....	577
Interleukin-2 receptor levels in non-Hodgkin's lymphoma—Correlation to histological degree of malignancy and presence of constitutional symptoms.....	581
Alterations of blood analyses at relapse of osteosarcoma and Ewing's sarcoma.....	585

- Cancer of the supraglottic larynx with neck node metastasis treated by radiation therapy only—The revised 1987 UICC classification system as prognostic indicator ..... 603
- Axillary sampling and the risk of erroneous staging of breast cancer—An analysis of 960 consecutive patients ..... 721
- Microphotometric DNA analysis in moderate dysplasia of the uterine cervix—Correlation to the progression and regression of the lesion ..... 755
- Prostatic acid phosphatase in cloacogenic carcinoma ..... 776
- Prognostic factors in head and neck non-Hodgkin's lymphoma with special reference to serum lactic dehydrogenase and serum copper ..... 879
- Carcinoma of the nasopharynx—The significance of lymphocytic infiltration ..... 897
- Prognostic factors in invasive squamous cell carcinoma of the vulva treated with surgery and irradiation ..... 915
- NEU (C-erbB-2) oncogene in breast cancer and its possible association with the risk of distant metastases—A retrospective study and review of literature ..... 931
- Flow cytometric analysis of tumour DNA profile related to response to radiotherapy and survival in inoperable lung cancer ..... 983
- Surgery*
- Results of cystectomy with and without preoperative radiotherapy in carcinoma of the urinary bladder ..... 39
- Results of breast conserving treatment of breast cancer ..... 137
- Infection after splenectomy for Hodgkin's disease .. 167
- Results of treatment in locally advanced carcinoma of the endometrium ..... 203
- Breast appearance and function after breast conserving surgery and radiotherapy ..... 291
- Clinical trials in locally advanced breast cancer .... 357
- Primary irradiation, surgery or combined therapy in squamous cell carcinoma of the larynx—A comparison of treatment results from two centers ..... 489
- Glottic laryngeal carcinoma with fixed vocal cord treatment with full-dose radiation, total laryngectomy or combined treatment ..... 509
- Hypopharyngeal reconstruction with free microvascular jejunal transfer after total laryngopharyngectomy ..... 525
- Simple mastectomy with postoperative irradiation versus extended radical mastectomy in breast cancer—A twenty-five-year follow-up of a randomized trial ..... 709
- Axillary sampling and the risk of erroneous staging of breast cancer—An analysis of 960 consecutive patients ..... 721
- Prognostic factors in invasive squamous cell carcinoma of the vulva treated with surgery and irradiation ..... 915
- Anaplastic thyroid carcinoma—Doxorubicin, hyperfractionated radiotherapy and surgery ..... 1025
- Radiotherapy. Clinical radiobiology*
- Prognosis of endometrial carcinoma stage I in two Swedish regions—A study with special regard to the effects of intracavitary irradiation with high dose-rate afterloading technique or with low dose-rate radium ..... 29
- Results of cystectomy with and without preoperative radiotherapy in carcinoma of the urinary bladder ..... 39
- Mean inactivation dose ( $\bar{D}$ )—A critical analysis of a neglected parameter in radiotherapy ..... 65
- Results of breast conserving treatment of breast cancer ..... 137
- Survival and esophageal passage after radiotherapy of inoperable esophageal carcinoma—A retrospective study of 106 cases ..... 175
- Results of treatment in locally advanced carcinoma of the endometrium ..... 203
- Preoperative intrauterine irradiation of endometrial carcinoma stage I—A clinical and radiographic evaluation of the bulb technique ..... 217
- Breast appearance and function after breast conserving surgery and radiotherapy ..... 291
- Relationship between kerma and treatment volume in intracavitary radiation therapy ..... 307
- Clinical trials in locally advanced breast cancer .... 357
- Measurement of quality of life in advanced breast cancer ..... 391
- The role of preoperative radiotherapy for invasive thymoma ..... 425
- Three-dimensional photon radiotherapy planning for laryngeal and hypopharyngeal tumours ..... 439
- A prospective pilot study on the effect of sucralfate mouth-swishing in reducing stomatitis during radiotherapy of the oral cavity ..... 471
- Primary irradiation, surgery or combined therapy in squamous cell carcinoma of the larynx—A comparison of treatment results from two centers .... 489
- Advanced squamous cell carcinoma of the larynx .. 505
- Glottic laryngeal carcinoma with fixed vocal cord treatment with full-dose radiation, total laryngectomy or combined treatment ..... 509
- Radiation-induced morphological changes and radiocurability in squamous cell carcinoma of the head and neck region—A preliminary report .... 517

- Radium treatment for hemangioma in early childhood—Reconstruction and dosimetry of treatments, 1920–1959..... 551
- Cancer of the supraglottic larynx with neck node metastasis treated by radiation therapy only—The revised 1987 UICC classification system as prognostic indicator..... 603
- Carcinoma of the nasopharynx—A retrospective analysis of treatment results in 125 patients..... 611
- Treatment of early vocal cord carcinoma with  $^{60}\text{Co}$  gamma rays, 8/10 MV x-rays, or 4 MV x-rays—Are the results different?..... 637
- Simple mastectomy with postoperative irradiation versus extended radical mastectomy in breast cancer—A twenty-five-year follow-up of a randomized trial..... 709
- Local failure in patients treated with radiotherapy and multidrug chemotherapy for small cell lung cancer..... 739
- Carcinoma of the uterine cervix treated by irradiation alone—Results of treatment at the National Cancer Center, Tokyo..... 747
- Carcinoma of the hypopharynx—A retrospective analysis of the treatment results over a 25-year period..... 903
- External beam radiation treatment of urinary bladder carcinoma—An analysis of results in 203 patients..... 909
- Flow cytometric analysis of tumour DNA profile related to response to radiotherapy and survival in inoperable lung cancer..... 983
- Squamous cell carcinoma of the oral cavity—An unselected material from a 5-year period..... 1011
- Anaplastic thyroid carcinoma—Doxorubicin, hyperfractionated radiotherapy and surgery..... 1025
- The use of microwave-induced hyperthermia in conjunction with afterloading irradiation of vaginal carcinoma—A preliminary report..... 1029
- Haematological effects from radioiodine treatment of thyroid carcinoma..... 1035
- Is an oesophagobronchial fistula an absolute contraindication for treatment in cases of oesophageal cancer?..... 1060
- Radiation injury*
- Insufficiency fractures of the sacrum after radiotherapy for gynaecological malignancy..... 211
- Late radiation injury of the small intestine—Clinical, pathophysiological and radiobiologic aspects—A review..... 401
- Radium treatment for hemangioma in early childhood—Reconstruction and dosimetry of treatments, 1920–1959..... 551
- Malignant disease after radiation treatment of benign gynaecological disorders—A study of a cohort of metropathia patients..... 563
- Incidence of hypothyroidism after irradiation of the neck with special reference to lymphoma patients—A retrospective and prospective analysis..... 597
- Radiation-induced brachial plexus neuropathy in breast cancer patients..... 885
- Reversible oedema and necrosis after irradiation of the brain—Diagnostic procedures and clinical manifestations..... 891
- Pityriasis versicolor confined to the radiation therapy field..... 949
- On radiation damage to normal tissues and its treatment—I. Growth factors..... 1017
- Haematological effects from radioiodine treatment of thyroid carcinoma..... 1035
- Oesophageal carcinoma following internal mammary chain irradiation for carcinoma of the breast—A report of six cases..... 1059
- Chemotherapy and hormonal therapy*
- Multiple myeloma—An update on diagnosis and management..... 1
- A phase II study of 5-fluorouracil/cisplatin in recurrent cervical cancer..... 25
- Pulmonary toxicity of cytotoxic and immunosuppressive agents—A review..... 113
- Weekly oral idarubicin in postmenopausal women with advanced breast cancer—A phase II study..... 143
- Recombinant leukocyte interferon alpha-2a and medroxyprogesterone in advanced renal cell carcinoma—A randomized trial..... 155
- Effect of prophylactic sucralfate suspension on stomatitis induced by cancer chemotherapy—A randomized, double-blind cross-over study..... 171
- Current status of epirubicin (Farmorubicin) in the treatment of solid tumours..... 257
- Methyl-GAG, ifosfamide, methotrexate and etoposide (MIME) as salvage therapy for Hodgkin's disease and non-Hodgkin's lymphoma..... 297
- Prediction of objective response to recombinant interferon-alpha with or without vinblastine in metastatic renal cell carcinoma..... 303
- Transient reduction in serum cortisol levels after dexamethasone antiemetic therapy in cancer patients undergoing chemotherapy..... 315
- Drug sensitivity testing of human breast cancer..... 335
- Anthracycline pharmacokinetics—Limited sampling model for plasma level monitoring with special reference to epirubicin (Farmorubicin)..... 339
- New cytotoxic drugs in treatment of breast cancer..... 343
- How to improve cytotoxic therapy in advanced breast cancer..... 349

- Clinical trials in locally advanced breast cancer . . . . . 357
- Systemic therapy of metastatic breast cancer . . . . . 361
- Endocrine therapy of breast cancer—A background . . . . . 367
- The significance of hormone receptors to predict the endocrine responsiveness of human breast cancer . . . . . 371
- New endocrine drugs for treatment of advanced breast cancer . . . . . 379
- How to improve endocrine therapy of breast cancer . . . . . 387
- Induction chemo-radiotherapy and maintenance alternating chemotherapy for small cell lung cancer . . . . . 417
- Vincristine, doxorubicin and cyclophosphamide with and without etoposide in limited small cell lung cancer . . . . . 421
- Generation of human LAK cells in tissue culture bags using recombinant IL-2 and serum free medium—Effects of pretreatment with phenylalanine-methylester . . . . . 431
- Plasma estrone and estrone sulphate in breast cancer patients treated with the aromatase inhibitor CGS 16949A . . . . . 469
- Reversible nail loss after cancer chemotherapy . . . . . 471
- Cisplatin and tegafur in recurrent head and neck cancer—A phase II study . . . . . 589
- The natural course of emesis after carboplatin treatment . . . . . 593
- Quality of life in non-small cell lung cancer patients . . . . . 635
- Aclarubicin in the treatment of advanced gastrointestinal adenocarcinoma . . . . . 636
- The role of adjuvant chemotherapy in the treatment of advanced head and neck cancer . . . . . 695
- Second line hormonal therapy with aminoglutethimide in metastatic breast cancer . . . . . 717
- Oral versus intravenous melphalan and prednisone treatment in multiple myeloma stage II—A randomized study from the Myeloma Group of Central Sweden . . . . . 727
- Non-Hodgkin's lymphoma—A four-drug regimen suitable for elderly patients with advanced disease . . . . . 733
- Influence of bestatin on production of granulocyte-macrophage colony-stimulating factor from human peripheral blood mononuclear cells in vitro . . . . . 795
- Inhibitory effect of bestatin on the growth of human leukemic cells . . . . . 799
- Bestatin treatment of myelodysplastic syndromes (MDS) and the effects of bestatin on hematopoiesis in MDS . . . . . 803
- Adjuvant bestatin (Ubenimex) treatment following full-dose local irradiation for bladder carcinoma . . . . . 809
- Effects of bestatin on the host immunity in patients treated for urogenital cancer . . . . . 813
- Bestatin as adjuvant treatment in operated stage I and stage II non-small cell lung cancer . . . . . 817
- Combination therapy with bestatin in inoperable lung cancer—A randomized trial . . . . . 821
- Bestatin in resected lung cancer—A randomized clinical trial . . . . . 827
- Plasma pharmacokinetics of Idarubicin and its 13-hydroxymetabolite after intravenous and oral administration under fasting and non-fasting conditions . . . . . 921
- Natural interferon-alpha alone and in combination with conventional therapies in non-small cell lung cancer—A pilot study . . . . . 927
- Doxorubicin and 5-fluorouracil versus doxorubicin and oral fltorafur in the treatment of advanced gastric cancer—A phase II and III trial . . . . . 945
- Response of medullary thyroid cancer to low-dose alpha-interferon therapy . . . . . 950
- Hospitalization during chemotherapy for small cell lung cancer . . . . . 977
- Five-day continuous infusion of cisplatin and etoposide in non-small cell lung cancer—A phase II trial . . . . . 989
- Phase III trial of cyclophosphamide, doxorubicin, vincristine and prednisone (CHOP) versus cisplatin, etoposide, bleomycin and prednisone (CisEPB) for the treatment of advanced non-Hodgkin's lymphoma of high grade malignancy . . . . . 995
- Failure of preventing 5-fluorouracil cardiotoxicity by prophylactic treatment with verapamil . . . . . 1001
- Comparison of antiemetic activity of chlorpromazine and high doses of metoclopramide in cisplatin-based chemotherapy . . . . . 1005
- Anaplastic thyroid carcinoma—Doxorubicin, hyperfractionated radiotherapy and surgery . . . . . 1025
- Is an oesophagobronchial fistula an absolute contraindication for treatment in cases of oesophageal cancer? . . . . . 1060
- Symptomatic treatment, nursing, and psycho-social factors*
- Effect of prophylactic sucralfate suspension on stomatitis induced by cancer chemotherapy—A randomized, double-blind cross-over study . . . . . 171
- The design of advanced breast cancer trials—New approaches . . . . . 397
- A prospective pilot study on the effect of sucralfate mouth-swishing in reducing stomatitis during radiotherapy of the oral cavity . . . . . 471
- Hospitalization during chemotherapy for small cell lung cancer . . . . . 977

**Tumours (specific sites)***Digestive system*

- Predictive value of serum alkaline DNase activity variations in treatment of head and neck cancer ..... 163
